Enjoy a day on the slopes, starting with a private pick up by one of our knowledgeable driver-guides at your accommodation.

This is the perfect option for those wanting to enjoy an easy, carefree day up the mountain if you don't need a full time driver. Forget the hassle of having to get your gear to and from public transport, let us take care of you and get you from home to the mountain and back with ease.

Your private driver will leave the mountain once you have been safely delivered as close to the powder as possible and return at the time you agreed to transport you back down the mountain. You will need to agree on pick up and drop off times at least 48 hours prior.

Soak in all that Queenstown has to offer while we take care of you. Our Luxury Piste Experience is the ultimate, all-inclusive way to explore and enjoy your time in Queenstown. You will be provided with one of our exceptional local driver-guides and your very own luxury vehicle which will be with you throughout your holiday with us. This means you are able to store personal items or ski equipment in the vehicle overnight as it will be garaged each evening.

This intimate, full spectrum experience is for those who prioritise being able to enjoy maximum flexibility and want to soak in exclusive luxury.

Your driver-guide is there to meet and assist you as you land at our spectacular airport between the mountains. Once they have loaded your gear and everyone is onboard they will ensure you are transported safely to your accommodation. This may include a town orientation and stops to collect rental equipment and passes if required. Your private driver will be with you throughout the duration of your visit and can also assist with collecting and returning rental equipment.

Let your knowledgeable private driver-guide know what type of activities excite you. Whether it's days on end spent up the mountain skiing the slopes, tasting some local wine at one of our incredible wineries, getting the adrenaline pumping at Oxbow, dangling yourself off a bridge or hot lapping it at Highlands, we have you covered. Your driver-guide will help fine-tune your itinerary like only locals can.

When we say flexibility we really mean it, we know that everyone desires different things in a holiday. We've made it easy for you all to enjoy your version of a great winter escape in the adventure capital of New Zealand with the 'Luxury Piste Experience'.

Subject to time availability your personal driver will be happy to take your group up and down the mountain as you please. Perhaps some members of your group want to ski the slopes all day then enjoy après ski activities en-route home, while others might want to do a spot of shopping and head back to town early. Enjoy the flexibility of this package up to 12 hours per day.

If you would like additional services or more than 12 hours per day, let us know and this can be arranged by one of our friendly staff. We supply your vehicle with complimentary bottled water and you may also bring your own refreshments on-board with you to enjoy. We also offer complimentary child restraints if required.

Once you've experienced all Queenstown and the surrounding area has to offer we will safely see you back to Queenstown Airport for your departure flight.
